attention to para 3 of Memorandum No. 1799 -B-2 dated 15-9-27 and to request you will be pleased to address the Government on the subject of a playground for the school. I need hardly point out to you that a playground is a sina qua non, particularly in these days when active measures are being adopted by the Education - Department to make Physical Training compulsory on the part of almost every pupil reading in a recognised school. The need of a suitable playground is keenly felt. If the open space both to the north and to the east of the new school building can be properly cleared and levelled up, I am sure we shall have an excellent playground.

From (Name) R.G.Grieve Esq., M.A.,

(Designation) Ag:Director of Public Instruction

To The Secretary to the Government of Madras,

Law (Education) Department.

Sir,

In resubmitting herewith Government endorsement 2974 B-1 dated 24-11-27 regarding the provision of a playground for the Municipal High School, Bellary, I have the honour to state as follows:-

2. In para 3 of Government memo No.1799 B-2 dated 15-9-27, it has been stated that the Chairman, Municipal Council Bellary may address Government separately through the Director in regard to the provision of a playground. In his letter dated 4-11-27 referred to me for remarks and submitted herewith the Chairman, Municipal Council, requests that Government may be pleased to provide the school with a suitable playground.

3. The District Educational Officer was requested to obtain

obtain and submit a rough sketch plan indicating therein the position of the playground proposed to be acquired in relation to the main school building. He was also requested to obtain and submit a valuation statement from the Revenue Department regarding the cost of the site and also a copy of the Municipal Council's resolution agreeing to bear a moiety of the cost.

placed below 4 3. A site plan and estimates received accordingly are submitted herewith. The Chairman Municipal Council in one of his letters to the District Educational Officer stated that the whole ground belongs to the Municipality and hence no valuation statement is necessary. From the report accompanying the estimate, it may be observed that the ground is uneven and that it is proposed to make it fit for a play ground at an estimated cost of Rs.1500. The Municipal Council has agreed to meet one half of the cost - please see copy of Municipal Council's resolution submitted.

(P) in linked 5/4 file 4. The school is badly in need of a playground. But Government in their order No.1674 W dated 27-10-25, have provided the school with a building at a cost of Rs.56000 as a gift. Further, the question of providing additional accommodation entirely from provincial funds is under the consideration of Government - please see Government memorandum No.1799 B-27-5 dated 8-8-28. Further the amount is small viz., Rs.1500. In these circumstances, the Municipal Council may be requested to meet the full expenditure involved from its own funds.

The budget as framed by the ml cl was expected to close with a balance of Rs 3,950 against a minimum balance of Rs 6992; but when it is revised with reference to the actual opening balance on 1.4.28 it is expected to close with a deficit balance of Rs 4446. When the budget was framed the uncollected arrears of previous years relating to Genl funds were expected to be 11,810, while the actual arrears at the end of 1927-28 amounted to Rs 21,042. If the Chairman & the cl take off earnest and effective steps to collect the arrears of revenues the cl can ~~find~~ easily provide for the expenditure of Rs 1,500 in question besides securing the necessary minimum

minimum balance

8K 16.1.29 The Council has undertaken costly Electric lighting & market schemes borrowing money from the public & the govt & towards which it has provided for large sums from ordinary revenues. The schemes are remunerative & when they are completed it will be possible for the Cl to reduce the Taxes & work at a surplus. The normal financial position of the Cl is sound but at present its position is not good, partly for the above reasons & partly owing to the poor collection of revenues. The Cl will not be able to provide a playground at its own cost unless it collects the arrears rapidly.
